CORRIGENDUM- 1

With reference to NIT No 74/2018-19 for "Selection of Agency for Preparation of e-content Module for High Schools in Bihar" through e-tendering web site www.eproc.bihar.gov.in, the following amendments have been made as below based on the discussion with Vendor/Agency on 20th Nov. 2018 in the pre-bid meeting at BSEIDC Headquarter.

1				Are the Beltron Bid Processing fee & BOQ Cost of Rs. 10,000/- refundable?	No
2		Page number -6		Pg.6. - point 6. Do we have to present the "android and IOS based app with quizzes and plat form for feedback & discussion for the teacher and students on a real time basis" on the day of demo for evaluation or after the award of contract?	Android based App will be allowed on the day of demo for evaluation.
3				If we have to present the app for evaluation with all features mentioned in the RFP on real time basis, the duration given is not sufficient. Developing an app for IOS requires more time as the app has to be submitted and it has to be approved by Apple. This process alone takes more than 2 weeks time. Moreover, there are more steps to be followed to make it available in app store.	As mentioned above. However, android and IOS based App will be mandatory after the award of contract.
